

POSTERS AT ACADEMY 2005 SAN DIEGO

Thursday, December 8

2:00 PM – 6:30 PM (2:00-4:00 PM, Odd; 4:00-6:00 PM, Even; 6:00-6:30 PM, All Authors)

Cornea and Contact Lenses, Ocular Disease: Corneal Anatomy/Physiology, Corneal Disease, Dry Eye, Boards 2-74

2. Frisch, Sherryl Pheniramine/Naphazoline HCL(P/N) & Olopatadine HCL(O) Vs Placebo(P) in Subj w/ Allergic Conjunctivitis(AC) in Conjunctival Allergen Challenge(CAC)
3. Duench, Stephanie Assessment of the Diurnal Relationship Between Bulbar Conjunctival Redness, Temperature and Blood Flow
4. Gil-Cazorla, Raquel Association Between Symptoms and signs of Dry-Eye in Contact Lens and Non Contact Lens Wearers
5. Gil-Cazorla, Raquel Comparative Study of Silicone and Non Silicone Hydrogel Soft Contact Lenses Used as Bandage After LASIK
6. Kwok, Alan Traumatic Ruptured Globe with Corneal Laceration: A Case Study Involving Surgical and Contact Lens Management
7. Tang, Kelvin The Role of Contact Lens Fitting Following Keratoprosthesis Implantation
8. Steenbakkers, Michelle Airbag-Induced Ocular Injury: A Case Review
9. Joslin, Charlotte Geographical Distribution of Acanthamoeba Keratitis in the Chicago-Area Outbreak
10. Truong, Tan Effects of Lens-Care Solutions on Corneal Epithelial Barrier Function
11. King-Smith, P. Ewen Corneal Thickness Measurements: Correction for Contribution from Tear Film Thickness
12. Chaglasian, Elyse Comparison of Orbscan and Ultrasound Pachymetry Measurements in Keratoconic Corneas
13. Tran, Long Corneal Channel Neovascularization Following Intracorneal Ring Segment (INTACS®) Implants and Toric Hydrogel Contact Lens Wear
14. Williams, Ravaughn Comparison of Day To Day Repeatability of Five Instruments used for Corneal Thickness Measurements
15. Parker, Emily Evaluating The Corneal Endothelium with the Nidek Confoscan3
16. Vrazel, Laura A Novel Optical Set-Up for Measuring Corneal Transmission
17. Sawamura, Mark Central Corneal Thickness in Diabetic Vs. Non-Diabetic Latino Patients
18. Schaub, Kyle Trigeminal Nerve Invasion with Squamous Cell Carcinoma Leads to Painless Corneal Perforation
19. Pan, Zan Serially Clonal Culture Human Corneal Limbal Cells
20. Makrynioti, Dimitra Observing Human Limbal Vasculature Using Confocal Microscopy
21. Tavakoli, Mitra Corneal Confocal Microscopy: A Non-Invasive Surrogate Marker of Small Nerve Fiber Damage and Repair in Patients with Small Fiber Neuropathy
22. Robertson, Danielle M.Frap/Flip Analysis of BCL2-Mediated Apoptosis in Human Corneal Epithelial Cells
23. Berntsen, David The Differential Diagnosis of Corneal Ectasias Using Modern Corneal Imaging Techniques
24. Read, Scott The Topography of the Peripheral Cornea
25. Ninyo, Kimberly Acute Onset of Preseptal Cellulitis in a Patient with Chronic Dacryocystitis with Delayed Resolution Secondary to Prostaglandin Analog Therapy
26. Minutolo, Nicole Atypical Irritant Eyelid Contact Dermatitis: Why Vanity Doesn't Pay!
27. Hom, Milton Comparison of Initial Patient Comfort of Epinastine Hydrochloride 0.05% with Olopatadine Hydrochloride 0.1%
28. Hendricks, Bridget Cellcept: An Alternative Treatment for Ocular Cicatricial Pemphigoid
29. Duncan, Jason Pyogenic Granuloma Secondary to Intracanalicular Punctal Plugs
30. Sigler, Melissa Management of Ocular Molluscum Contagiosum in a Child
31. Henrie, Rachael Preseptal Cellulitis Related to Peg-Interferon/Ribavarin Treatment for Hepatitis C?
32. Tardanico, Angela Development of Herpetic Keratitis During Treatment of Anterior Granulomatous Uveitis

33. Chin, Kimberly Conjunctival Mucosa-Associated Lymphoid Tissue (MALT) Lymphoma: Trend in Treatment Modalities
34. Novak, John Indications for the Use of CT in the Management of Preseptal Cellulitis
35. Grogg, Jane Ann Ectrodactyly-Ectodermal Dysplasia: A Case Report
36. Neiberg, Maryke Phlyctenular Keratoconjunctivitis in a Patient with Rosacea
37. Park, Sonya Multi-Faceted Approach to Treating Diabetic Corneal Disease:Case Report
38. Rosengren, Kenneth Corneal Stem Cell Deficiency Secondary to Contact Lens Wear
39. Pilon, Andrew Crack-Cocaine Induced Keratomycosis
40. Lotoczky, Josh Posterior Keratoconus Previously Diagnosed as Amblyopia
41. Pang, Yi Rapid Growth of Pterygium Following Photorefractive Keratectomy
42. Beyer, Ryan 4th Generation Fluoroquinolone Failure with a Bacterial Corneal Ulcer
43. Kohne, Kimberly A Case of Neurotrophic Ulcer in a Type Two Diabetic
44. Kalu, Chika Positive Impact of Topical Povidone-Iodine and Natamycin in Prevention of Filamentos Fungal Keratitis in a Rabbit Model
45. Kwong, Patrick Corneal Intrastromal Epithelial Cyst
46. Govelovich, Andrea HSV Keratouveitis with Stromal Involvement Masquerading as an Infectious Corneal Ulcer
47. Simkhovich, Diana Disastrous Outcome after Two Decades with Ice
48. Yee, Richard The Effects of Artificial Tears and Micro-Environment Glasses on Dry-Eye Signs and Symptoms in Computer Users
49. VanRoekel, Ronald Anterior Segment Measurements Using Digital Photography
50. Huang, Ling Expression and Roles of Cathelicidin in Corneal Epithelial Wound Healing
51. Horne, Jessica Assessing the Utility of Pachymetry and Float Measurements to Aid in the Diagnosis of Keratoconus
52. Young, Chad Tear, Staining and Corneal Sensitivity Profile in Keratoconus: What is Abnormal
53. Yeung, Karen Prevalence of Keratoconus in Non-Tertiary Care Optometry Settings
54. Chew, Raymond Destruction of the Orbit and Globe by Recurrence of Basal Cell Carcinoma
55. McKee, Earlena Vision Recovery Following Instillation of Ophthalmic Antibiotic Ointment
56. Schultz, Beth Clinical Evaluation of Adverse Effects of Mitomycin C Therapy in Patients With Extensive Recurrent Squamous Cell Carcinoma (SCC) of the Conjunctiva
57. Landers, R. Alan Effects on the Tear Film of Different Artificial Tear Preparations
58. Kovacich, Susan Two Case Reports of Bilateral Hordeola Developing Shortly after the Cessation of Accutane Therapy
59. Bloomenstein, Marc Clinical Evaluation of the Efficacy of Systane® AND Restasis® for the Treatment of, pre-Operative LASIK, Keratoconjunctivitis Sicca
60. Perrigin, Judith Osmolality and PH Properties of Preserved versus Preservative-Free Ocular Lubricants and Multipurpose Contact Lens Solutions
61. Herman, John Treatment of Lid Wiper Epitheliopathy with a Metastable Lipid Emulsion or a Corticosteroid
62. Scaffidi, Robert Comparison of Lipid Layer Thickness in Subjects with and without Dry Eye Symptom
63. Suhr, Christopher Prevalence of Dry Eye in a Haitian Clinic Population
64. King-Smith, P. Ewen Tear Film Thinning and Breakup: Contributions from Evaporation and Tear Film Flow
65. Russo, Peter Therapeutic Continuous Wear Silicone Hydrogel Contact Lenses in the Management of Moderate to Severe Dry Eye
66. Pence, Neil Ocular Complications Secondary to CPAP Therapy
67. Christensen, Diana The Effect of Theratears® Nutrition on Dry Eye in Contact Lens Wearer
68. Willcox, Mark The Binding of CMC to Human Corneal Epithelial Cells and Effect on Cell Migration/Proliferation
69. Simmons, Peter Comparison in Clinical Performance Between Preserved and Non-Preserved Emulsion-Based Eye Drops
70. Gierow, J. Peter Purinergic Receptors and Intracellular Signaling in Lacrimal Gland Acinar Cells
71. Dalton, Kristine The Performance of a Novel Nanoliter Osmometer to Investigate Diurnal Tear Film Osmolality

- 72. Christensen, Mike Confirmation of Efficacy by Cessation of Therapy with Systane® Lubricant Eye Drops
- 73. Harrison, Wendy The Role of the Upper Meniscus in Tear Film Formation and Dry Eye
- 74. Nguyen, Julie A Comparison of Tear Clearance in Several Tear Supplements

Cornea and Contact Lenses: Orthokeratology, Keratoconus, Design/Fitting, Boards 76 to 93

- 76. Cheung, Sin Wan Longitudinal Study on the Ocular Effect of Overnight Orthokeratology
- 77. Chui, Wan Sang Whitish Solid Lesions within the Pigmented Corneal Arcs Associated with Orthokeratology Lens Wearer
- 78. Kading, David The Use of 0.15% Brimonidine to Reduce Aberrations Induced by Corneal Refractive Therapy
- 79. McLeod, Andrew Effects of Overnight Orthokeratology on Phoria, Vergence, And Accommodation in Children
- 80. Fontenot, Shane Orthokeratology Lens Wear and Corneal Epithelial Cell Proliferation
- 81. Carrasquillo, Karen Custom Bi-Symmetrical Lens Fit Provides Viable Alternative for Irregular Corneas in Advanced Keratoconus
- 82. Tam, Benny Bing-tin Piggyback System Contact Lenses Fitting with High Plus Soft Lens in an Inferiorly Apexed Keratoconus Patient
- 83. Su, Stephanie Improved VA and Comfort with Bitoric Gas Permeable Lens Following Penetrating Keratoplasty for Keratoconus
- 84. Schafer, Jeffery Contact Lens Management of a Keratoconus Patient Following Intacs
- 85. Johns, Lynette A New Non-Surgical Option for Keratoconus when Corneal Gas Permeable Lenses Fail
- 86. Fink, Barbara A Physiological Index of Post-Lens Tear Exchange-- Over a GP DK/T Range of 46 to 126
- 87. Fink, Barbara Oxygen Demands in Keratoconus of the Central and Peripheral Cornea Associated with the Wear of Hybrid Contact Lenses
- 88. Gall, Ronald Sensitivity of Patients to RGP and RGP/Soft Lens Combination
- 89. Buist, Heather Using a Topographer to Measure the Base Curve of GP Lenses
- 90. Tran, Suzanne Off-Label Use of Corneal Refractive Therapy Lens for Post-Radial Keratotomy
- 91. Lebow, Kenneth Effect of pre-Insertion and post-Removal Application of Two Artificial Tear Solutions on RGP-Induced 3-9 Corneal Staining
- 92. Xu, Siyi The Effect of Wearing Contact Lens on Corneal Sensation
- 93. McLeod, Andrew Evaluation of Corneal Higher-Order Aberrations with Overnight Orthokeratology in Children

Cornea and Contact Lenses: Silicone Hydrogel, Solutions, Toric Lenses, Surveys, Instruments, Boards 95 to 137

- 95. Ozkan, Jerome Effect of Dry Eye Lubricant Drops on Symptomatic Silicone Hydrogel Wearers
- 96. White, Eric Clinical Comparison of Two Contact Lens Multi-Purpose Solutions: OPTI-Free Express Versus RENU with Moistureloc
- 97. Lebow, Kenneth Effects of an Investigational Multi-Purpose Disinfecting Solution in Symptomatic Contact Lens Wearers
- 98. Zhang, Feng Efficacy of Multi-Purpose Contact Lens Solutions on Passive Lysozyme Removal from Silicone Hydrogel and Conventional Hydrogel Contact Lenses
- 99. Rosenthal, Ruth Antimicrobial Spectrum of a New Contact Lens Disinfectant
- 100. Varikooty, Jalaiah Clinical Performance of Alexidine-Based and Polyquad-Based Multipurpose Solutions when Used with Daily Wear Balafilcon Lenses
- 101. Velasco, Vivienne Effectiveness of Protein Deposit Removal by Rub Versus No Rub Multi-Purpose Solution Regimen on Soft Contact Lenses
- 102. Reindel, William A Comparison of Two Multi-Purpose Care Systems when Used with Silicone Hydrogel Lenses

103. Keir, Nancy Impact of Post-Insertion Time on Corneal Staining, Sensitivity and Comfort with an FDA Group II Lens Disinfected with Various Care Regimens
104. Meadows, David The Impact of Water Content and Care Regimen on the Long Term Ex Vivo Clinical Wettability of Soft Contact Lenses
105. Schnider, Cristina Clinical Performance and Effect of Care Regimen on Surface Deposition of Galyfilcon A Contact Lenses
106. Lakkis, Carol The Effect of Human Soiled (Worn) Contact Lenses on Disinfection Efficacy against Pseudomonas Aeruginosa
107. Borazjani, Roya Inhibition of Bacterial Adherence to Contact Lens Cases and Soft Contact Lenses
108. Løfstrøm, Tom Refitting Adapted Silicone Hydrogel Wearers with a New Non-Surface Treated Silicone Hydrogel Lens
109. Glasier, Mary-Ann Galyfilcon (Acuvue Advance) Silicone Hydrogel Contact Lenses Deposit Low Levels of Relatively Active Lysozyme
110. Weidemann, Kate Clinical Performance of Comfilcon A Silicone Hydrogel Lenses During Continuous Wear
111. Burns-LeGros, Denise Refitting Patients from Hema-Based Lenses to Silicone Hydrogels Does Not Alter Ocular Parameters
112. Dumbleton, Kathryn Corneal Thickness Changes Over Six Months of Contralateral Extended Wear with Low and High DK Hydrogel Lenses
113. Golebiowski, Blanka Symptoms in Low and High DK/T Contact Lens Wear
114. Ohly, Johann Nosocomial Pseudomonas Ulcer in a Silicone Hydrogel Contact Lens User
115. O'Donnell, Clare The Comparative Clinical Performance of Two Silicone Hydrogel Contact Lenses Used Therapeutically After LASIK
116. Schnider, Cristina Overnight Corneal Swelling with Hydrogel & Silicone Hydrogel Contact Lenses
117. Bergenske, Peter Comfort and Clinical Performance Comparison Between a Silicone Hydrogel and a Biomimetic Hydrogel for Daily Wear
118. Bergenske, Peter Comparative Clinical Evaluation of Biomimetic and Silicone Hydrogel Lenses in Daily Wear
119. Srinivas, Sangly High Speed Oxygen Sensing by Phase-Resolved Fluorometry
120. Brennan, Noel Oxygenation across the Corneal Profile Beneath Contact Lenses
121. Marx, Sebastian Performance Study of Two Different Toric Multifocal Soft Contact Lenses
122. Janakiraman, Devi Priya Experience through 3 Months with a High DK Toric Lens
123. Bayer, Simone Fitting Low Astigmats with Toric Soft Contact Lenses - What Are the Benefits and How Easily Is It Achieved?
124. Pence, Neil Rotation of Acuvue Advance for Astigmatism Lenses
125. Georgi, Corina Contact Lenses Survey of Children and Teenagers - A Multi Centrical Study with More Than 2.500 CASES
126. Chu, Y. K. Gary Accessibility of Plano Colored Contact Lenses in the Black Market
127. Kwong, Patrick Contact Lens Use by Young Adults: An Examination of Compliance and the Influence of Marketing
128. Woods, Craig Canadian Optometrists Prescribing Habits, A 6-Year Period (2000-05)
129. Efron, Suzanne Reliability and Test-Retest Repeatability of the IRX3 Aberrometer in Contact Lens Wear
130. Ziegler, Corrie Mass Spectrometry Method Development for Analysis of Tear Film Lipids on Silicone Hydrogel Contact Lenses
131. Quesnel, Nadia Effect of Power on Transmittance of UV-Blocking Contact Lenses
132. Copley, Kendra Correlation among In Vitro Advancing Contact Angles, Clinical Assessment of Pre-Lens Tear-Film Stability and Subjective Comfort Ratings: A Pilot Study
133. Walsh, James UVR Transmission Profile for Soft Contact Lenses
134. Maruyama, Kunio Relationship between Conjunctival Staining and Dryness in Hydrogel Soft Contact Lens Wearers
135. Lin, Meng Two-Week Clinical Performance Evaluation of Soft Lenses with Channels
136. Reindel, William A Performance Evaluation of a New Sports-Tinted Contact Lens

137. Richdale, Kathryn Performance of the Bausch & Lomb Soflens Multifocal and Monovision

Public Health: Health Care Delivery, Diabetes, Care of Special Populations, Boards 139 to 164

139. Bowyer, Norma "Quality through Collaboration" Improving Eye Care Quality through Community Collaboration in Rural America
140. Bowyer, Norma Future of the Profession-Preparing Optometric Leaders Today for Tomorrow
141. Gross, Sanford Survey-Attitudes of Optometric Educators on Teaching Communication
142. Easton, Jaime Pegaptanib Vs. Verteporfin: A Cost Comparison of Absolute Effectiveness Based on Clinical Trial Results
143. Robinson, Candice Overlooking Vision-Related Learning Problems: The Misdiagnosis of AD(H)D
144. Dain, Stephen CE Marked Sunglasses, Do They Comply with European Standards?
145. Meetz, Richard The Spring Break Effect, Is It Real? A Study of Patient Usage Patterns at a University Health Center Eye Clinic
146. Rafferty, William Time Estimates for Eye Care for Patients with Diabetes Mellitus (DM)
147. Jones, Sylvia Diabetic Retinopathy Communication Form
148. Krasnow, David A Diabetic Screening Program for Migrant Mexican Farm Workers
149. Klemencic, Stephanie Acute Onset Internuclear Ophthalmoplegia in a Patient with Diabetes Mellitus
150. Morris, Robert Early Worsening of Diabetic Retinopathy in a 19 Year Old Type 1 Diabetic with Recent Blood Glucose Control: A Case Report
151. Morris, Cara Radiation Retinopathy in a Diabetic Patient
152. Thompson, Kelly Sequential, Bilateral, Nonarteritic Anterior Ischemic Optic Neuropathy with Profound Vision Loss in Uncontrolled Diabetic
153. Chan, Kimberley Community Versus Specialty Eye Care for Adults with Mental Retardation
154. Bezan, Debra Characteristics of Nursing Home Patients
155. Huang, Stephen Visual Predictors of Cognitive Impairment in Community Dwelling Patients
156. Hérard, Marie-Ève An Evaluation of Visual Deficits in Long-Term Care Patients within a University-Affiliated Geriatric Hospital
157. Lyons, Stacy The Framingham Public School Vision Center
158. Gable, Eileen Promoting Healthcare Through Optometric Evaluation: Medical Referral through the Vision of Hope Health Alliance Pilot Program
159. Winters, Janis Challenges to Providing Community Based Eye Care to Low-Income Seniors
160. Chou, B. Ralph Reported Eye Injuries among the Crew of Two U.S. Navy Aircraft Carriers
161. Ari, Adrienne Eye Injuries on the Battlefields of Iraq and Afghanistan: Public Health Implications
162. Kalu, Chika Harmful Traditional Eye Medicine, Main Cause of Blindness among Fulani Nomadic Farmers in Rural Regions of Northern Nigeria
163. Kwan, Lawrence Report of a Vision Screening Conducted in a Developed Residential Area in Hong Kong
164. Malkin, Alexis The Elder's Right to Sight Collaborative: Overcoming Barriers to Eye Care in Public Housing

Low Vision: Clinical Assessment, Optical/Prosthetic Devices, Boards 166 to 182

166. Hallak, Joseph Corneal Dystrophy: The Role of the Optometrist
167. Wood, Jennifer Casualties of Iraq: Vision Rehabilitation of Polytrauma Veterans
168. Shah, Mufarriq Visual Rehabilitation of Patients with Stargardt's Disease
169. Sonsino, Jeffrey Causes of Vision Impairment in a Statewide Pediatric Low Vision Population
170. Hooper, Nicole When the Amblyopic Eye Becomes the Better Eye – Low Vision Rehabilitation in a Case of Macular Hole
171. Shihady, Angela Low Vision Management of Traumatic Optic Neuropathy in a 14-Year Old Child
172. Harris-Roberts, Parres Mone Characteristics of Patients Presenting for Low Vision Evaluation
173. Knott, Lauren Looking Cool while in School (A Low Vision Challenge)
174. Zhang, Bei Relationships between Print Size, Preferred Viewing Distance and Reading Speed

- 175. Woo, Stanley Functional Use of Two Preferred Retinal Loci - Optimizing an Artist's Vision with Low Vision Rehabilitation
- 176. Woo, Stanley Development of the MNREAD Espanol Continuous Text Reading Acuity Chart
- 177. Eperjesi, Frank Reading Performance with Various Lamps and Age-Related Macular Degeneration
- 178. Kammer, Rebecca Permanent EP Lens Fitting for Homonymous Hemianopsia
- 179. Cummings, Roger Prismatic Compensation of Reverse Telescope Visual Field Expanders
- 180. Eldred, Kia The Use of Yoked Prisms for Training in Patients with Hemi-Spatial Neglect
- 181. Kerekgyarto, Michael Diffractive Optics Versus Doublet Microscopes for Age-Related Macular Degeneration: Comparison of Reading Performance and Contrast Sensitivity
- 182. Hooper, Nicole A Trioptic Reverse Telescope System in a Case of Choroideremia

Friday, December 9

8:00 AM – 12 Noon, 6:00-6:30 PM (8:00-10:00 AM, Odd; 10:00 AM-12 Noon, Even; 6:00-6:30 PM, All Authors)

Binocular Vision & Pediatric: Clinical Testing, Reading and Eye Movements, Vision Screening, Vision Therapy, Pediatric Clinical Cases, Boards 2 to 40

- 2. Ciuffreda, Marcelline Repeatability and Variability of Near Vergence Ranges
- 3. Carter, Robert Normative Data for Phoropter-Based Accommodative Facility Testing
- 4. Portello, Joan Does the Initial Direction of the Measuring Prism Alter the Findings of the Von Graefe Test?
- 5. Siderov, John The Influence of Surround Complexity on Sheridan-Gardiner Letter Acuity
- 6. Ku, Stephanie Visual Acuity Results in Children: LEA Symbols Chart Versus Electronic Visual Acuity Tester
- 7. Tea, Yin The Effects of Different Powers of Near Addition Lenses on Accommodative and Vergence Responses at Three Near Distances
- 8. Coffey, Bradley Test-Retest Reliability for a New Device to Measure Dynamic Visual Acuity
- 9. Solan, Harold Role of Visual Factors in Reading Fluency
- 10. Shin, Susan Reliability of the Visagraph II in Analysis of Children's Eye Movements During Reading
- 11. Borsting, Eric Reading Discomfort in College Students
- 12. Cron, Michael The Association of Visual-Motor Skill with Reading Delay in a Clinical Population
- 13. Taub, Marc The Influence of Attention on Accuracy in the Developmental Eye Movement (DEM)
- 14. Bragg, Stacy Efficacy of Computerized, Home-Based PA/VE and Guided Reading Therapy Program on Reading Eye Movement Performance of Non-Reading Disabled Adults
- 15. Taub, Marc The Effect of Colored Overlays on Reading Eye Movements
- 16. Powers, Maureen Vision Problems of Poor Readers in High School
- 17. Kulp, Marjean INSPIRE: An Interdisciplinary and Multisensory Approach to the Investigation of Reading Disability
- 18. Lee, Debora Repeatability and Validity of Refractive Error Screenings in Preschoolers
- 19. Kattouf, Valerie Is Significant Hyperopia an Adequate Predictor of Accommodative Esotropia in the Preschool Population?
- 20. Kulp, Marjean Does Screening Eye Alignment in Addition to Refractive Error or Visual Acuity Increase Sensitivity?
- 21. Lien, Brenda Do Children Who Fail a Screening for Refractive Error Score Higher on the Convergence Insufficiency Symptom Survey?
- 22. Toole, Andrew CITT Pilot: Can Clinical Measures Predict Symptoms and Does the Phoria Change after Therapy for Convergence Insufficiency (CI)?
- 23. Kulp, Marjean Kinetics of Changes in Symptoms and Clinical Measures Subsequent to Office-Based Vision Therapy in the CITT Pilot
- 24. Li, Roger The Limits of Perceptual Learning in a Previously Untrained Amblyope: An Intensive Case Study

25. Bartuccio, Mary To Accommodate, or Not To Accommodate: Management of Accommodative Insufficiency-A Chart Review
26. Gray, Kathryn Effects of HTS Vision Therapy on School Achievement in Third and Fourth Grade Students
27. Franzel, Aaron Associations among Tests of Visual-Perceptual Skills, Eye Movement Skills, Intelligence and Achievement in Students with Academic Difficulties
28. Tea, Yin Concomitant Variation (Covariation) In Correspondence with Fluctuation between Esotropia and Exotropia in a Child with Intermittent Strabismus
29. Goodfellow, Geoffrey Vision Therapy Effective in Treating Visual Skills in a Patient with Cerebral Palsy
30. Baird, Richard Visual Perception in Twins: A Pilot Study
31. Slotnick, Samantha Plasticity in the Visual System: Auditory Biofeedback Training
32. Park, Allison Management of Myopic Anisometropic Amblyopia
33. Wickum, Suzanne Superior Keratoconus in a 10 Year-Old: An Unusual Cause of Reduced Acuity
34. Yang, Jessica Corneal Clouding in Mucopolidiosis IV: A Case Study
35. Okumura, Tomohito Visual Function in a Very Low Birth Weight Child with Periventricular Leukomalacia: A Case Study
36. Lane, Sarah Fication and Tracking Training with a Young Girl Who Has Both Turner's Syndrome and Williams Syndrome
37. Simkhovich, Diana Successful Biofeedback Therapy in an Acquired Brain Injury Exotrope
38. Kwong, Susan Binocular Vision and Refractive Improvements with Contact Lenses
39. Rodena, Jacqueline Video Documented Improvement of Congenital Ocular Motor Apraxia (COMA) after Vision Therapy
40. Watson, Tonya Longitudinal Quantitative Assessment of Visual Acuity in Children with Cortical Visual Impairment

Visual Science: Applied Studies, ERG, Visual Performance, Boards 42 to 60

42. McLin, Jr., Leon Optimizing a Visual Warning Signal to Pilots
43. Daum, Kent Binocular Vision Benefits Precision High-Performance Driving
44. Richman, Jack Can the Evaluation of Pupillary Responses Used by Police Officers Assist in Detecting Possible Drug Impairment ?
45. Martinsen, Gary Visual Performance at Low Light Levels
46. Licup, Albert Color Vision Requirements in the U.S. Military
47. Kiser, Ava Effects of Blue Light Filters on Dark-Adapted Visual Function and Performance in Early AMD
48. Citek, Karl Sleep Deprivation Does Not Cause Eye Movements that Mimic Alcohol Intoxication
49. Gowrisankaran, Sowjanya Squint and Orbicularis Response to Visual Stress
50. Bradley, Jonathan Effect of Age on the Response Kinetics of the Photopic Negative Response (PHNR) of the Flash Electroretinogram
51. Fowler, Jeremy Effects of Test Flash Intensity and Background Adaptation on the Photopic Negative Response (PHNR) of the Flash Electroretinogram
52. Lovasik, John Sectorial Analysis of the Neural Generators of the Pattern Electroretinograms
53. Kergoat, Helene Function Versus Structure in the Retinal Ganglion Cell Population
54. Lemay, Marianne Effect of Mild Systemic Hypoxia on Inner Neuroretinal Function
55. Wang, Bin Equiblur Zones at the Fovea and Near Retinal Periphery
56. Bailey, Ian Contrast Sensitivity and Defocus
57. Ye, Ping Visual Acuity with Different Optotypes and Chart Formats
58. Matteau, Isabelle Activation of the Dorsal Visual Pathway by Tactile Motion in Congenital Blindness
59. Lennon, Jemyre Discrimination of Orientation Variability in Short Line Segments by Normal Observers
60. Gervais, Joanna Motion Perception: Gender Effect?

Optometric Education: Clinical Education, Clinical Assessment, Boards 62 to 69

62. Denial, Aurora Optometric GPA, NBEO and Clinical Performance Compared to Critical Thinking Skills and Dispositions
63. Register, Shilpa Correlation Between Quantity of Clinical Experiences and NBEO Clinical Skills Performance
64. Cooper, Susan A Short-Term, Canadian Bridging Program for Internationally Trained Optometrists
65. LaMotte, James Clinician and Patient Attitudes about the Wearing of Masks during Direct Ophthalmoscopy
66. Roan, Amy Prediction of Pre-Clinical Practice Hours for Examination Time in First Clinical Encounters
67. Gorman, N. Scott Optometric Practice Enhancement Program (OPEP)
68. Jenkins, Levelle Developing Cultural Competency in Optometric Care
69. Wing, Joan Personal Digital Assistants in the Clinical Setting

Visual Biology: Ocular Physiology, Boards 71 to 73

71. Hartwick, Andrew Deregulation of Calcium Homeostasis in Retinal Ganglion Cells Undergoing Excitotoxic Cell Death
72. Lovasik, John The Central Choroidal Blood Flow Distribution in Low Ambient Light
73. Hernandez Verdejo, Jose Comparison of Real Time Intraocular Pressure During LASIK Using Two Different KeraTomes in Pig Eyes: Moria 2 vs. Intralase

Ocular Disease: Glaucoma, Boards 75 to 106

75. Pitts, Jill Nyquil Induced Simultaneous Bilateral Angle Closure in a Hyperopic Attorney
76. Chaglasian, Michael Angle Closure Glaucoma, Cystic Macular Degeneration, and Nanophthalmos: A Rare Inherited Syndrome
77. Haligowski, Marion Ocular Side Effects of Topiramate (Topamax, Ortho-McNeil Pharmaceuticals)
78. Hitzeman, Steven Glaucoma Complications Secondary to Silicone Oil Replacement Vitrectomy
79. Madonna, Richard An Atypical Case of Aqueous Misdirection Syndrome
80. Holt, Stephanie A Case of Recalcitrant Posner-Schlossman Syndrome
81. Pang, Yi A Case of Normal Tension Glaucoma Coexistence of Pituitary Macroadenoma
82. Landgraf, Thomas Vision Loss in a Seventeen Year Old Patient with Controlled Congenital Glaucoma
83. Vollmer, Lori Glaucomatous Visual Field Defect from Nerve Fiber Myelination
84. Nehmad, Leon Improvement in Visual Function in Glaucoma Associated with IOP Reduction
85. Yang, Andrea Pattern Electroretinograms (PERGS) Recorded by a Novice Operator Using the PERGLA System
86. Bitton, Ety The Effect of Systane™ Lubricating Drops on Pachymetry Readings
87. Locke, Takeia Central Corneal Thickness is Thinner in Haitian Versus Jamaican Natives
88. Lee, John Effect of Necktie Wear on Intraocular Pressure
89. Lievens, Chris Effect of Proveiw Self-Tonometry on Pharmaceutical Compliance
90. Ondategui-Parra, Juan Carlos A Comparative Assessment of Two Non-Contact Tonometers
91. Bitton, Ety Clinical Comparison of the Pulsair Easyeye and Goldmann Tonometers
92. Sullivan Mee, Michael Comparison of Goldmann Applanation Tonometry and Pascal Dynamic Contour Tonometry in a VA Medical Center Eye Clinic
93. Slotnick, Samantha Comparison of GDX Software: Repeatability of VCC vs ECC
94. Dunphy, Robert Retinal Nerve Fiber Layer Analysis via Digital Retinal Image Analysis and Image Manipulation: Comparison with Advanced Imaging Technologies
95. Bathija, Bharti Comparing Measures of Visual Function: Contrast Sensitivity Perimetry vs Pergl
96. Barker, II, Felix Comparison of the Oculus Easyfield Fast vs. Full-Threshold Visual Field Test Paradigms
97. Trevino, Richard Comparison of Glaucomatous Visual Field Defects in Patients with or without a History of Statin Usage
98. Wyatt, Harry Variability of Visual Field Measurements is Correlated with the Gradient of Sensitivity

99. Arvidson, Brian Assessment of MC Ganglion Cell Dysfunction Using a Psychophysical Paradigm
100. Wick, Bruce The Normal Neuro-Retinal Rim
101. Sehi, Mitra Provocatively Induced Change in Optic Nerve Head Topography
102. Lievens, Chris Using the Original: C :D Ratio Grading Card to Improve Interobserver Reliability
103. Vilupuru, Abhiram Optical Coherence Tomography in Normal Eyes of Rhesus Monkeys
104. Smith, Emily Regional Prevalence of Pseudoexfoliation in the State of Guanajuato Mexico
105. Roberts, Daniel Differences in Iris Transillumination Defects in Classic and Age-Related Pigment Dispersion Syndrome Types with Digital Infrared Photography
106. Signes, Isabel Early Glaucoma Detection Campaign in Alicante Province (Spain)

Ocular Disease: Posterior Segment, Boards 108 to 168

108. Pizzimenti, Joseph J. In Vivo Imaging to Differentiate a Macular Hole in a Patient with HIV
109. Beissel, Brian Lamellar Macular Hole Secondary to Indirect Telephone-Mediated Lightning Strike
110. Schaeffer, Priscilla Diagnosis and Management of Epiretinal Membrane Using Optical Coherence Tomography
111. Lotoczky, Josh Vitreomacular Traction Syndrome Discovered with Ocular Coherence Tomography
112. Ganson, Victor Spontaneous Release of Epiretinal Membrane
113. Dougherty, Sarah Management of PVD after No Retinal Break Is Found at Initial Presentation
114. Wood, Ivan Objective Image Analysis of Change in Wet Macula Disease
115. Signes, Isabel Visual Outcome After Photodynamic Therapy as a Treatment for Age-Related Macular Degeneration: Case Report
116. Bass, Sherry Idiopathic Choroidal Neovascular Membrane in a Young Female Following LASIK
117. Khan, Samala Subretinal Neovascular Membrane Associated with a Optic Nerve Melanocytoma
118. Portocarrero, Regina OCT Findings in a Patient with Adult-Onset Vitelliform Macular Dystrophy
119. Walters, James Adult-Onset Foveomacular Vitelliform Dystrophy vs Best's Disease, Is there a Third Alternative?
120. Tran, Tuyen Occult Macular Dystrophy in a Patient Previously Diagnosed with Functional Vision Loss
121. Mazzarella, Jarett Reticular Pattern Macular Dystrophy: A Clinical Evaluation and Fluorescein Interpretation
122. Marrelli, Danica Ocular Coherence Tomography Utilized in Lieu of Invasive Fluorescein Angiography in Central Serous Chorioretinopathy
123. Chan, Ceida Management of Idiopathic Central Serous Chorioretinopathy Utilizing the Heidelberg Retina Tomograph II – The Relationship to Fluorescein Angiography
124. Nguyen, Mindy Pregnancy-Induced Central Serous Chorioretinopathy
125. Haskes, Charles Intravitreal Kenalog: Clinical Applications of an Emerging Treatment
126. Bhardwaj, Simi Cystoid Macular Edema and its Various Treatment Modalities
127. Huang, Xushao (Jeffrey) Pseudo-Endophthalmitis after Intravitreal Triamcinolone Injection for Refractory Cystoid Macular Edema Following Cataract Surgery
128. Gonzalez, Rosemary Steroids and Macular Edema...What Do We Know?
129. Rett, Doug Unilateral Sea Fan Like Vascularization of the Peripheral Retina of an Otherwise Healthy Male
130. Tran, Tuyen Juxtafoveal Retinal Telangiectasia Mimicking Age-Related Macular Degeneration in a 60 Year-Old Male
131. Newman, Tricia Spontaneous Branch Retinal ARTERY Occlusion Following Retinal Arterial Macroaneurysm
132. Pate, Lloyd Presumed Retinal Arterial Macroaneurysm
133. Landgraf, Thomas Malignant Hypertension in a Monocular Patient: A Diagnostic Dilemma
134. McCann, Andrea Branch Retinal Artery Occlusion in Pregnancy: A Case Report
135. Shechtman, Diana Retinal Arteriovenous Malformation (AVM) Associated With Branch Retinal Artery Occlusion (BRAO)
136. Tran, Kevin Peripheral Retinal Neovascularization in Talc Retinopathy

137. Garee, Brett Progression of Leukemic Retinopathy During Remission of Chronic Lymphocytic Leukemia
138. Verghese, Marilyn Treatment for Multiple Sclerosis Discontinued Secondary to Eye Findings
139. Harden, Christine Sclerochoroidal Calcification in a Patient with Prior Partial Thyroidectomy
140. Pate, Lloyd Hydroxychloroquine Retinopathy: A Practical Approach to Retinal Evaluation
141. Pelino, Carlo Acute Posterior Multifocal Placoid Pigment Epitheliopathy: More than Just a White Dot Syndrome
142. Elliott, Ashley Serpiginous Choroidopathy in a Monocular Patient
143. Pilon, Andrew Exudative Retinal Detachments in the Setting of Harada's Disease
144. Petkovich, Steve Birdshot Retinochoroidopathy: Review of White Dot Syndromes
145. Sherman, Jerome Normal Retinal Nerve Fiber Layer (RNFL) in Glaucoma? Maybe It's Not Glaucoma
146. Millas, Themistocles Azoor: Not Rare, But Often Not Diagnosed
147. Chan, Michelle Acute Idiopathic Blind Spot Enlargement (AIBSE): Part of a Spectrum of White Dot Syndromes
148. Cheng, Han Autoimmune Retinopathy Associated with Antienolase Antibodies
149. Torbit, Julie Toxocariasis Previously Misdiagnosed as an Optic Nerve Coloboma
150. Stephens, Clifton Choroidal Detachments and Posterior Scleritis Arising from Idiopathic Anterior Scleritis. Diagnosis and Treatment
151. Black, D. Rudolph Profound Unilateral Idiopathic Ocular Arteriole Sheathing
152. Pelino, Carlo Current Management of Ocular Metastasis: An Update on the Optometrist's Role in Modern Cancer Treatment
153. Caywood, Jennifer Differentiating Spindle- A Cell Melanoma and Choroidal Nevus
154. Zubizarreta, Noemi Von Hippel Lindau Syndrome
155. Kelley, Marcus Bilateral Rhegmatogenous Retinal Detachments (RRD) in a Patient with a Distinctive Partial Macular Detachment
156. Pitts, Jill Panoramic Imaging Documents: An Impending and Progressive Retinal Detachment
157. Kerr, Aaron Exudative Maculopathy in Pseudotumor Cerebri: A Rare Complication
158. Sendrowski, David Pseudo-Foster Kennedy Syndrome Secondary to Malignant Hypertension
159. Mani, Shital Unilateral Subretinal Hemorrhage of the Optic Nerve and its Association with Buried Disc Drusen
160. Young, Laura Case Report: Visual Pathway Lesion or Optic Nerve Anomaly? A Case Review of Visual Field Defects Found in Patients with Optic Nerve Head Drusen
161. Carter, Robert Case Report: Imaging Technology Uncovers Retinal Involvement in an Asymptomatic Patient with an Optic Pit
162. Dunphy, Robert Monochromatic Digital Retinal Image Analysis - Comparison to Fundus Fluorescein Angiography and Scanning Laser Ophthalmoscopy
163. Sherman, Jerome Differentiating Retinal Detachment from Retinoschisis from Choroidal Detachment from Retinal Elevations due to Mass Lesions
164. Sherman, Jerome Introduction to Panoramic Fundus Fluorescein Angiography
165. Sherman, Jerome Introduction to Preferential Hyperacuity (PHP) and Initial Clinical Impressions
166. Barker, II, Felix A New Led Stimulus Combined with Graded Low Contrast Recovery Targets for the Measurement of the Photostress Recovery Function
167. Hendricks, Gordon Mechanisms of Light Damage Resistance in Albino Catfish
168. Enoch, Jay Retinal and Choroidal Separation in Nasal Myopic Super-Traction

Saturday, December 10

10:30 AM – 1:00 PM, All Authors

Ocular Disease: Neurologic, Optic Nerve, Retinal Disease, Boards 2 to 28

2. Pilon, Andrew Levothyroxine-Induced Pseudotumor Cerebri in a Pediatric Patient Being Treated for Congenital Hypothyroidism
3. Pham, Kim-Chi Idiopathic Intracranial Hypertension Associated with Pregnancy

4. Dougherty, Sarah Papilledema from Venous Sinus Thrombosis in a Patient with Factor V Leiden Heterozygous Mutation
5. Ueshiro, Lynn Bilateral Optic Disc Edema Secondary to Neurocysticercosis
6. Nelson, Kathryn Valsalva Retinopathy with Optic Disc Edema
7. Shull, Emily Neuroretinitis Secondary to Cat Scratch Disease
8. Katz, Tatyana Shocked-Induced Ischemic Optic Neuropathy
9. Neiberg, Maryke Cryptogenic Optic Neuropathy in a Patient Taking Sildenafil
10. Rana, Nidhi Bilateral Optic Neuritis Secondary to Devic's Syndrome
11. Anderson, Jeremy Can Optical Coherence Tomography (OCT) Be Used instead of B-Scan Ultrasonography to Confirm the Presence of Optic Disc Drusen?
12. Patel, Priti Subtle Temporal Optic Disc Pallor as the Initial Manifestation of a 'Not-So-Benign' Benign Brain Tumor
13. Pagani, Jean Marie Discovering a Previously Undiagnosed Adult Craniopharyngioma
14. Espiritu, Arlene Ten Year Follow Up of Rhabdomyosarcoma Diagnosed at 11 Months of Age
15. Farkash, Cherie Metastatic Ewing Sarcoma with Orbital Extension Initially Masquerading as a Retrobulbar Optic Neuritis
16. Pewitt, Dawn Ocular Sequelae of Invasive Squamous Cell Carcinoma of the Maxillary Sinus
17. Fulton, Jason Spontaneous Retinal Venous Arcade Pulsations in Presumed Decreased Intracranial Pressure
18. Kim, Chang Non-Surgical Management of a Complete Internal Carotid Artery and Basilar Artery Stenosis
19. Frank, Stuart Ophthalmic Presentation of a Presumed Case of the Heidenhain Variant of Creutzfeldt Jacob Disease
20. Malloy, Kelly The Importance of Considering Paranasal Sinus Mucocele as a Differential Diagnosis in Diplopia
21. Engelke, Carla Recurrent, Isolated 6th Nerve Palsy Secondary to Ectasia of the Right Intracavernous Internal Carotid
22. Melchiorre, Erika Cranial Nerve III Palsy in a Patient Recently Diagnosed with Migraines
23. Frank, Stuart When Diplopia in the Elderly is Not Small Vessel Disease: A Case of Myasthenia Gravis Mimicking a 6th Cranial Nerve Paresis
24. Mendez Roberts, Amanda Acquired Cranial Nerve VI Palsy as a Rare Complication of Multiple Myeloma
25. Drake, Jenni Ocular Manifestations of the Miller-Fisher Variant of Guillain-Barre Syndrome
26. Malloy, Kelly The New Cocaine? : Topical Apraclonidine in the Diagnosis of Horner Syndrome
27. Beesley, Caroline Bilateral Tonic Pupils in a Patient with Horner Syndrome: A Case Report
28. Modica, Patricia Comparison of Two FDT Perimeters in Neuro-Ophthalmic Disorders

Ocular Disease: Systemic Disease, Infection and Inflammation, Boards 30 to 57

30. Mani, Shital Unilateral Shock-Induced Ischemic Optic Neuropathy Secondary to Acute Gross Hematuria
31. Sui, Richard Temporal Arteritis: An Atypical Presentation
32. Lyons, Christopher A New Look at Optic Nerve Head Pallor and Retinal Inflammation
33. Walker, Kimberly Sinus Induced Optic Neuropathy
34. Lind, Megan Iron Deficiency Anemia and Bilateral Disc Swelling
35. Holdinghausen, Karmen Bilateral Optic Nerve Head Granulomas Result in Clinical Suspicion of Sarcoidosis
36. Miller, Christina Empty Sella Syndrome and its Implications
37. Moore, Dionne Lipemia Retinalis with Xanthoma
38. Gupta, Mita Case of Late Onset Iris Neovascularization in Non-Ischemic Central Retinal Vein Occlusion
39. Chiu, Sara Progressive Retinopathy in Adult Onset Idiopathic Thrombocytopenia Purpura
40. Caywood, Jennifer Ocular Consequences of Coronary Artery Bypass Graft (CABG) Surgery
41. Chin, Mary Carotid-Based Disease: New Treatment Trials

42. Tran, Tuyen Rare Presentation of Ocular Ischemic Syndrome Due to Ophthalmic Artery Stenosis
43. Pickett, Melanie Indirect Carotid Cavernous Sinus Fistula in a Patient with Multiple Sclerosis
44. Teitelbaum, Bruce Blood Pressure Control in an African American Sample in an Urban Eye Clinic
45. Chen, Michelle Ocular Side Effects with Reduced Vision from High Dose, Long Term Chlorpromazine Treatment
46. Kalu, Chika Ocular Manifestation of Asthma and its Chemotherapeutic Effect on Some Visual Functions of Chronic Asthma Patient.
47. Pikal, Amy Asymptomatic Bilateral Optic Disc Edema Associated with Interferon and Ribavirin Treatment
48. Surman, Suzanne Rare Case of Recurrent Anterior Uveitis Linked to Interferon Alpha Treatment of Chronic Hepatitis C
49. Buntman, Jennifer A Rare Case of Acute Anterior Uveitis in Association with Chronic Prostatitis
50. Rozwat, Anne Isoniazid Toxicity and the Eye
51. Kapoor, Neera Occurrence of Ocular Disease in Acquired Brain Injury: A Retrospective Analysis
52. Shields, Susan A Retrospective Case Control Study of Intraocular Pressure in Patients with Human Immunodeficiency Virus and Treated with Protease Inhibitors
53. Washington, Andrea Xanthopsia
54. Tahir, Shmaila Sturge-Weber Syndrome without Facial Angioma: A Case Study
55. Bass, Sherry Ocular Manifestations of Incontinentia Pigmenti
56. Ding, Jason Myelodysplastic Syndrome
57. Farag, Miriam Guillain-Barre Syndrome Presenting as Miller-Fisher Variant

Optics and Refraction: Aberrations, Accommodation, Refractive Error Development, Refractive Surgery Boards 59 to 100

59. Subramanian, Vidhya Accommodation Fluctuation and Contrast Sensitivity during Blur Adaptation
60. Sparks, III, Bernard A Comparison of Monocular Versus Biocular Crossed Cylinder Testing in a Non-Presbyopic Patient Population
61. Johns, Heather Effect of Fogging Lenses on the Accommodative Status of the Eye
62. Ciuffreda, Kenneth "Bothersome Blur": A New Functional Unit of Blur Perception
63. Ng, Vincent The Relationship Between Macular Thickness by Optical Coherence Tomography and Axial Length in Healthy Hong Kong Chinese
64. Schmid, Gregor Accommodative Lag Vs. Retinal Steepness in Emmetropic Children
65. Benavente-Perez, Alexandra Assessment of the Vascular Profile of Myopia in a Young Sample
66. Chu, Raymond Effects of Asian Ethnicity and Age of Onset on Progression of Myopia in the CLEERE Study
67. Amedo, Angela O. Effect of Darkness on Refractive State of Juvenile Tree Shrews
68. Arner, Philip N. The Effect of Axial Length and Pupil Size on Powerrefractor Validity
69. Seger, Kenneth Are Specific Aberrations Associated with Refractive Error Change?
70. Dobos, Jr., Michael How Repeatable is the Measurement of Zernike Terms?
71. Ng, Loretta The Effect of Artificial Tears on Aberrometry in Normal Eyes
72. van de Pol, Corina Development of a Quality of Vision Metric with Real-World Application for Refractive Surgery
73. Liu, Haixia Optical Quality and Visual Performance in Contact Lens Wear
74. Gil-Cazorla, Raquel Influence of Flap Thickness on Visual Function, Corneal Sensitivity and Flap Status after LASIK
75. Panchal, Lav Comparison of Surgical and Visual Outcomes in Patients with Single Versus Double Intacs Corneal Ring Segments
76. Twa, Michael Short-Term Repeatability of Videokeratography in Normal and Postoperative LASIK Eyes
77. Lakkis, Carol The Effects of Multifocals on Balance and Mobility in Older Persons
78. Menjivar, Juan Impact of Custom Contact Lens Dynamics on Simulated Keratoconus Visual Performance

79. Foutch, Brian Comparison of Pupil Functions Between Species
80. Globerson, Paul Vision Improvement with Wavefront Guided Spectacle Lenses
81. Fogal, Ben Wavefront Guided Excimer Laser Surface Ablation to Treat Eyes with Significant Levels of Coma and Trefoil
82. Friberg, Zuzana Effects of Intacs Corneal Inserts for Patients with Keratoconus
83. Hill, Shawna Increased Incidence of Epithelial Ingrowth in Flap Relift Versus Flap Recut
84. Goto, Hiroya Correlation of Uncorrected Visual Acuity to Refractive Error in Patients Within 0.50 Diopters of Emmetropia after Conventional LASIK
85. Wright, Steve USAF CRS Program: An Analysis of Cycloplegic Refractions after PRK
86. Ramaswamy, Shankaran Case Control: Low Light Level Acuity and Contrast Sensitivity of LASIK Subjects
87. Messer, Dawn Factors Affecting the Utilization of Spectacles in School-Aged Children
88. Sharpe, Valerie A Retrospective Analysis of Navajo Indian Refractive Error: The Correlation of Astigmatism to Spherical Ametropia
89. Cheng, Angela Sensitivities and Specificities of Various Cut-Off Points for Myopia
90. Ticak, Anita A New Objective Measure of Spectacle Wearing Time
91. The COMET Group Education and Occupation are Associated with Refractive Error in Parents of Children Enrolled in the Correction of Myopia Evaluation Trial (COMET)
92. Bildstein, Tracy The Effectiveness of the See Clearly Method
93. Citek, Karl Spectral Changes in Plastic Ophthalmic Lenses Following Ultraviolet Exposure
94. Frenette, Benoît Comparative Study of the Efficiency of Different Scratch Resistant Treatments Regarding Abrasion Caused by the Cleaning of Ophthalmic Lenses
95. McMahon, Janice Frame Design Factors Affecting Lens Retention in Safety Eyewear
96. Lakkis, Carol Evaluation of the Performance of Photochromic Spectacle Lenses in Children and Adolescents
