AAOF Mission Statement

The AAOF is a philanthropic organization that develops and provides financial support for optometric research and education in vision and eye health to improve clinical patient care.

Financial Summary ................................................ 27
Looking back over 2018, it was a very successful year thanks to our donors, supporters, leadership, and staff. I am pleased to report that the Foundation is as vibrant as ever and continues to advance optometry’s future with funding for our talented researchers, students, and educators.

As always, the American Academy of Optometry Foundation will remember Academy 2018 San Antonio for the generosity of its donors! The AAOF received more than $225,000 in donations and new commitments at the meeting. We welcomed eight new President’s Circle members, and two members moved to a higher giving level. The AAOF awarded thirteen coveted Ezell Fellowships, and seven of the recipients became Ezell Club members. Annual meeting lecturers generously donated their honoraria, totaling over $12,000.

During Academy 2018 San Antonio, the AAOF was proud to give one inaugural award – the David and Diane Goss Optometry History Fellowship and one biennial award - the Jill and George Mertz Scholarship. There were also three inaugural student travel fellowships: the Brett G. Bence Clinical Student Travel Fellowship, the Brett G. Bence Leadership Student Travel Fellowship, and the Lois Schoenbrun Student Travel Fellowship. These awards are in recognition of extraordinary contributions to the profession of optometry.

With assets over $6.5 million and an endowment over $4.9 million, the AAOF looks forward to providing more than $470,000 in fellowships, scholarships, and grants in 2019. You have helped the American Academy of Optometry Foundation in its mission to develop and provide financial support for optometric research and education in vision and eye health to improve clinical patient care.

These accomplishments would not have been possible without the generous support of our donors, both personal and corporate. The AAOF takes pride in its continued growth and the successes of the exceptional individuals we have supported. YOU are continuing to advance optometry’s future by contributing to the American Academy of Optometry Foundation!

Staff:
Jennifer Rubin, Foundation Program Manager
The annual Academy meeting provides the American Academy of Optometry Foundation with a forum in which the Foundation Board, staff, and award recipients can connect with donors on a personal level. It is the focal point for the largest fundraising drive of the year. With your support, the Foundation received more than $225,000 in contributions and pledges at Academy 2018 San Antonio.

An Evening at The LDR and Grotto

The American Academy of Optometry Foundation hosted the major donor reception at the LDR Room and Grotto in the Henry B. Gonzalez Convention Center. Guests enjoyed entertainment and food, while mingling with current and potential donors to the Foundation. The Board of Directors also mingled with and congratulated the 2018 Ezell Fellows.
The annual Celebration Luncheon honored the 2018 award recipients and announced the newest President’s Circle and Ezell Club members. Thank you to all donors and awardees for always advancing optometry’s future. The Foundation extends its gratitude to Essilor, a loyal sponsor of the Celebration Luncheon and the Foundation for over 17 years.

The Foundation would like to thank all of those who took their time to donate an item to make the annual silent auction a success. Thank you for supporting the AAOF!

Schools and colleges of optometry were encouraged to fill gifts baskets with items that represent their alma mater. The baskets were on display at the AAOF Booth and the bidding continued at the Celebration Luncheon. If the winning basket bid was $750 or greater, the Foundation matched one Student Giving Matching Travel Grant in 2019 for a student chosen by the school to attend Academy 2019 Orlando. If the basket raised less than $750, the school was credited that amount and can raise the difference for a Student Giving Matching travel grant. Nine schools participated in the competition this year. The OSU received two bids totaling $1,250. They are now $250 away from providing four students with a travel grant to attend Academy 2019 Orlando.
Hoop it Up 20/20 Challenge

The AAOF collaborated with the Alcon Foundation for the Hoop it Up 20/20 Challenge which took place during Academy 2018 San Antonio. Members and attendees shot virtual baskets at the Alcon Foundation booth with the goal of reaching 2,020 baskets. Reaching the goal triggered a $25,000 donation to the American Academy of Optometry Foundation.

Congratulations to Southern California College of Optometry for winning the student challenge with the highest number of baskets.

Through Our Eyes

Visitors to the AAOF booth had a picture taken of their eyes which was then added to a wall collage. The display gave us the opportunity to get a different perspective of the world through many different eyes. In total 480 individual portraits were taken.
Recognition Awards

Glenn A. Fry Lecture Award
Fiona Stapleton, MCOptom, PhD, FAAO
UNSW Sydney School of Optometry and Vision Science
*Lecture: Why Does Corneal Infection Remain a Problem for Contact Lens Wearers?*

Michael G. Harris Family Award for Excellence in Optometric Education
Patricia Hrynchak, OD, FAAO
University of Waterloo School of Optometry and Vision Science

Henry B. Peters Memorial Award in Public Health and Environmental Vision
Robert D. Newcomb, OD, FAAO

Julius F. Neumueller Award in Optics

Jacob A. Boroff, OD, MS
The Ohio State University College of Optometry
*Paper: “Objective and Subjective Visual Performance of Soft Multifocal Contact Lenses of Various Add Powers and Center Optic Zone Sizes”*

Jenna L. Wayne, OD, Angeline Nguyen, OD
University of Houston College of Optometry
*Paper: “Lag by Retinoscopy Versus Autorefraction Spherical Equivalent or Horizontal Meridian”*
In 1947, inspired by the need to advance optometric research and education, William C. Ezell founded what was then the American Optometric Foundation (AOF). The William C. Ezell Fellowship provides financial support to graduate students enrolled in a full-time program of study and training in vision-related research that leads to a Master’s or PhD degree. Thirteen outstanding individuals were selected to join this elite group in 2018.

“It is humbling to be a part of such a talented group...”
**AAO Section on Cornea, Contact Lenses and Refractive Technologies**

**Ezell Fellow**

**Maria K. Walker, OD, MS, FAAO**

**University of Houston College of Optometry**

Research focus: Evaluating the effects of scleral gas permeable lenses on the eye

“I am honored to be the Cornea, Contact Lens and Refractive Surgery Section’s recipient of the Ezell fellowship in 2018, and feel especially fortunate to work with mentors like Drs. Rachel Redfern, Alan Burns, and Jan Bergmanson at the University of Houston. I offer sincere gratitude to the American Academy of Optometry Foundation for this outstanding honor.”

---

**American Academy of Optometry Foundation Earl L. Smith, III**

**Ezell Club Fellow**

**Gareth D. Hastings, MPhil, BOptom**

**University of Houston College of Optometry**

Research focus: Developing and applying visual image quality metrics and wavefront-guided corrections to study and correct the vision of normal as well as highly aberrated eyes

“I am extremely grateful to receive the AAOF Ezell Fellowship named in honor of Dr. Earl Smith III, who has been inspirational to the graduate program at the University of Houston. I owe great appreciation to my advisors, Dr. Raymond Applegate and Dr. Jason Marsack, both previous Ezell Fellows, for their support and guidance. This award is synonymous with – and fosters in me – an identity as a clinical researcher, educator, and advocate for the profession of optometry.”

---

**American Academy of Optometry Ezell Fellow**

**Priyamvada M. Pitale, MS**

**University of Alabama at Birmingham School of Optometry**

Research focus: Metabolic reprogramming of diabetic retina by attenuating the endoplasmic reticulum stress response via modulation of TRIB3 signaling

“I am honored and excited to be the recipient of the American Academy of Optometry’s 2018 Ezell Fellowship. I would like to express my sincere gratitude to the AAO, Dr. Michael Twa, Dr. Marina Gorbatyuk, Dr. Alecia Gross, Vision Science Graduate Program at the University of Alabama at Birmingham School of Optometry and my family. This fellowship offers me opportunities to network and contribute to vision research and optometric education.”

---

**Baycross Christian Family Foundation Binocular Vision and Pediatrics**

**Ezell Fellow**

**Suraj Upadhyaya, OD, FAAO**

**University of Houston College of Optometry**

Research focus: Neurophysiology behind strabismus and fixation instability

“Being a second-time awardee for Ezell Fellowship gives me immense honor. I would like to thank the American Academy of Optometry Foundation and Baycross Christian Family Foundation for supporting Binocular Vision and Pediatric Ezell Fellowship. I could not acknowledge enough my mentors Drs. Frishman, Das, and Harwerth for guiding me throughout my vision science journey. This award added more responsibility on me to do great science for the community.”
Danne Ventura – Essilor Ezell Fellow

Katherine M. Bickle, OD, MS, FAAO
The Ohio State University College of Optometry

Research focus: Characterizing the ocular surface in pediatric and adult soft contact lens wearers

“I am greatly honored to be awarded the 2018 Danne Ventura Ezell Fellowship. I would like to express my appreciation to Essilor of America and the American Academy of Optometry Foundation for their generous support and to my advisor, Dr. Jeff Walline, for his exceptional guidance. This award will provide tremendous support toward the continued development of my research, teaching, and leadership skills as I strive to become an independent clinical researcher.”

Irvin M. Borish – Essilor Ezell Fellow

Daisy Y. Shu, BOptom
University of New South Wales School of Optometry and Vision Science

Research focus: Cellular and molecular mechanisms underlying the pathogenesis of cataract

“I am honored to receive the Irvin M. Borish Essilor Ezell Fellowship. Thank you to the American Academy of Optometry Foundation for the generous award and to my advisor, Dr. Frank Lovicu, for his unwavering support. This award will help develop my research, teaching and leadership skills. To be recognized amongst previous recipients of the Ezell Fellowship is humbling and I am committed to upholding its longstanding prestige by striving for excellence as a clinician-scientist.”

John N. Schoen Ezell Fellow

Jasmine S. Junge, OD, FAAO
University of California Berkeley School of Optometry

Research focus: Quantifying visual functions in children with cerebral visual impairment (CVI)

“I am greatly honored to have been awarded the 2018 John H. Schoen Ezell Fellowship. This award has allowed me to continue my research in children with visual impairment and has supported my career as a clinician scientist and educator. It has been such an honor working with my mentor and previous Ezell Fellow Dr. Deborah Orel-Bixler at UC Berkeley, and I am so grateful to the American Academy of Optometry Foundation for their support!”

Merton C. Flom Leadership Ezell Fellow

Phillip Thomas Yuhas, OD, MS, FAAO
The Ohio State University College of Optometry

Research focus: Photopotentiation of ganglion cell photoreceptors

“I am delighted and honored to again receive the 2018 Merton C. Flom Leadership Ezell Fellowship. To be associated with Dr. Flom is a special distinction and motivates me to contribute to optometry in the clinic, in the laboratory, and in the classroom. I am thankful to the Flom family, the American Academy of Optometry Foundation, my wife and children, and Dr. Andrew Hartwick for their continued support of my pursuit to become a successful clinician-scientist.”
**Mike Daley - Essilor Ezell Fellow**

**Ann Morrison, OD, MS, FAAO**  
The Ohio State University College of Optometry  
Research focus: Anterior segment influences on refractive error development  
"I am honored to receive the 2018 William C. Ezell Mike Daley Essilor Fellowship. I sincerely appreciate The American Academy of Optometry Foundation and Essilor for supporting my research and endeavor to become an independent clinical scientist and educator. I would like to extend my gratitude to my advisor, Dr. Donald Mutti, who has helped shape my graduate and professional career. It is humbling to be a part of such a talented group of leaders, vision scientists, and educators and I look forward to what opportunities this Fellowship brings."

**Michael G. Harris Ezell Fellow**

**Elise N. Harb, OD, MS, FAAO**  
University of California Berkeley School of Optometry  
Research focus: Investigating the role of human behavior, and its dynamics, on myopia development using wearable technologies  
"I am honored to be the recipient of the 2018 Michael G. Harris Ezell Fellowship. I would like to express my appreciation to the American Academy of Optometry Foundation for their continued support throughout my education as a clinician scientist and to Dr. Michael G. Harris for his generous support of my research. This fellowship exemplifies my continued career path as a clinician scientist and educator and hope that our research provides impact to the public health of our communities. Finally, I would like to extend my sincere thanks for the mentorship and support from my advisor, Dr. Christine Wildsoet, and the UC Berkeley Myopia Research Group."

**Optometric Glaucoma Society Ezell Fellow**

**Laura P. Pardon, OD, MS, FAAO**  
University of Houston College of Optometry  
Research focus: The effects of elevated intracranial or intraocular pressures on optic nerve structure  
"I feel truly grateful to have received the Optometric Glaucoma Society Ezell Fellowship, as I have always been impressed by the quality of research and clinical knowledge that this group exemplifies. I would like to thank my mentors, Drs. Nimesh Patel, Laura Frishman, and Han Cheng, for their invaluable expertise and support throughout my graduate studies. The recognition and support provided by this award will help me achieve my goal of becoming a clinician-scientist and optometric educator."

**Rod Tahran – Essilor Ezell Fellow**

**Jessica V. Jasien, MEn**  
University of Alabama at Birmingham School of Optometry  
Research focus: Characterization of intraocular pressure, ocular perfusion pressure, and intracranial pressure measured with continuous telemetry in normal and experimental glaucoma nonhuman primates  
"The Rod Tahran Essilor Ezell Fellowship will enable me to become a strong leader of glaucoma research. This fellowship will give me an invaluable foundation for my long term goals to be a successful academic researcher, teach vision science, mentor, perform community outreach, and lead a laboratory capable of making impactful discoveries in the field of vision science. My research, working with Dr. J. Crawford Downs, is groundbreaking glaucoma research related to intraocular pressure, ocular perfusion pressure and intracranial pressure measured with continuous telemetry in nonhuman primates."
Vision Impact Institute Ezell Fellow

Kaitlyn Anne Sapoznik, OD
Indiana University School of Optometry
Research focus: Adaptive optics imaging of retinal microvascular remodeling in diabetes

"Receiving an Ezell fellowship for the 2nd year is a tremendous honor. I am humbled to share this title with many leaders in our profession. The generous support from the AAOF and the Vision Impact Institute provides immeasurable opportunities during my development as a clinical scientist and educator for which I am truly grateful. I am thankful for the support of my mentor, Stephen Burns, and my colleagues at IUSO for fostering an environment to enable this success."

Ezell Fellows

Ezell Fellows

Danne Ventura - 2018-2019 Essilor Ezell Fellowship

Danne is an optician, contact lens fitter and ophthalmic medical assistant. She is a Fellow of the American Academy of Optometry and her recent corporate focus with Essilor of America was on school support, student and institutional grants, creating and implementing student events and student and faculty education.

Danne was with Essilor of America for 29 years and retired in 2018. Her most recent position was Director of Professional Education. She is a President’s Circle member and currently sits on the Board of Directors of the AAOF.

The 2018 recipient is Dr. Katherine M. Bickle.

Rodney Tahran - 2018-2019 Essilor Ezell Fellowship

Dr. Tahran was the Vice President of Essilor of America, Inc from 1995 until 2017. He is presently an adjunct professor at Pacific University College of Optometry. He is a graduate of the Southern California College of Optometry and a Fellow of the American Academy of Optometry. He is an administrator with strong working relationships with national and global leaders in optometry. Rod is a professionally trained communicator and experienced media spokesperson with extensive public speaking experience in front of a wide range of audiences. He is also an experienced business owner and corporate team builder.

The 2018 recipient is Ms. Jessica V, Jasien.
Awards

Inaugural David and Diane Goss Optometry History Fellowship
Sampson Listowell Abu, OD
University of Alabama at Birmingham Department of Ophthalmology and Visual Sciences School of Medicine

Joseph T. Barr Early Career Cornea and Contact Lens Research Award
Eugene Appenteng Osae, OD
University of Houston College of Optometry
Project: Effect of Metabolic Syndrome on the Meibomian Gland

Korb-Exford Dry Eye Career Development Grant
Stephanie Ann McLin Cox, OD, FAAO
Southern College of Optometry
Post-Doctoral Research Fellow Tufts Medical Center
Proposal: Neurological Aspects of Dry Eye Disease

Jill and George Mertz Scholarship
Vinh D. Vu, OD
Hanoi Medical Center, Vietnam
Brien Holden Vision Institute
2018-2019 Allergan Foundation Research Grant

Rose Y. Reins, PhD
University of Houston College of Optometry

Primary Investigator

Rachel Redfern, OD, PhD, FAAO

Co-Investigator

Project: “Evaluation of Vitamin D Treatment for Dry Eye-induced Ocular Surface Inflammation.”

Beta Sigma Kappa (BSK) Research Fellowship

Xiaohua Zhuang, PhD
Illinois College of Optometry

Title: Flicker Adaptation Probes Detection of Contrast Sensitivity Loss in Early Glaucoma

Fredric Rosemore Low Vision Educational Grant

Gregory R. Hopkins, OD, MS, FAAO
The Ohio State University College of Optometry
Student Travel Fellowships

Inaugural Brett G. Bence Clinical Student Travel Fellowship

GIVING BACK TO THE PROFESSION

Student Giving Matching Travel Grant Program

Designed to increase AAOF student participation, create a climate of giving back to the profession, and promote involvement at the annual Academy meeting, this program provides $750 in matching travel funds to selected individuals at each institution whose student organization raises the same amount through individual giving or fundraising activities.
